FOR YOUR HOME

Smart flooring is revolutionizing the world of interior design with its ingenious combination of high-quality materials, cutting-edge technology, and affordable pricing. These flooring system, featuring a mineral core and specialized underlays, provide outstanding performance that rivals even the most luxurious flooring options. Boasting impressive durability, smart flooring achieves a remarkable utility class, making it an ideal choice for all residential areas. With its exceptional wear resistance, easy installation, and stunning aesthetics, smart flooring truly offers the best of both worlds – superior quality at an accessible price point. Don't compromise on style or functionality; embrace the future of flooring with smart solutions designed to meet your every need.

Smart Flooring - Affordable Luxury Redefined

NEW COLLECTIONS

For those who wish to have the most natural real-wood feeling on your vinyl click flooring, we have prepared LEGNAR ULTRA collection. Beside a beautiful look this collection assures high durability. Our new LEGNAR ULTRA is made with embossing technology so the wooden structure is perfectly mirrored on the planks. In addition, it also has a unique bevel that is inspired by the natural, smooth connection of wooden planks.

3 UNIQUE WOOD DESIGNS

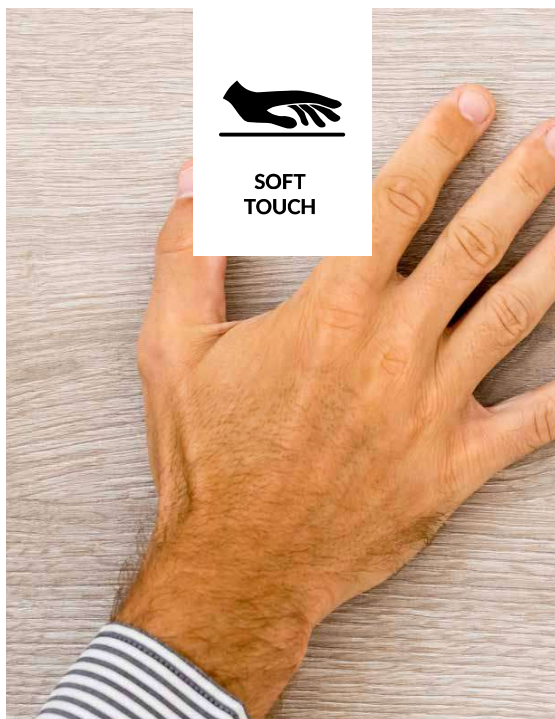

Wide selection of colours from wood and stone up to marble will satisfy even the most creative minds.

Unique and realistic wood design selected from the most beautiful wood type in the world.

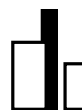

FROM NATURE

AFIRMAX vinyl click floor will surprise you with its design features. This floor resembles natural material at its best. Gives you plenty of features to create your interior. Not only you can choose from many sizes and colours but also thickness and installation methods.

**SOFT
TOUCH**

Soft, delicate and mat finished flooring - the best representation of a real wood.

**WIDE RANGE
OF SIZE**

Nice and silent in everyday use vinyl flooring brings comfort and serenity to everyday life.

FOR YOUR „HOME”

You do not need to worry about durability of the floor and ease of installation. You can do it by yourself and be certain that the floor will be waterproof, durable and silent. You can be sure that wherever your creativity leads you AFIRMAX floor will rise up to the challenge. This is perfect solution for large open spaces and floor heating.

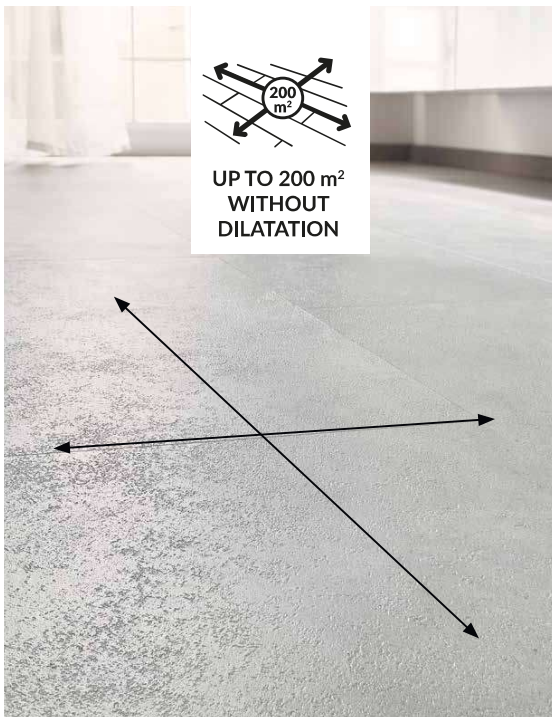

HOME PLAYGROUND... Nice and silent in everyday use vinyl flooring brings comfort and serenity to everyday life.

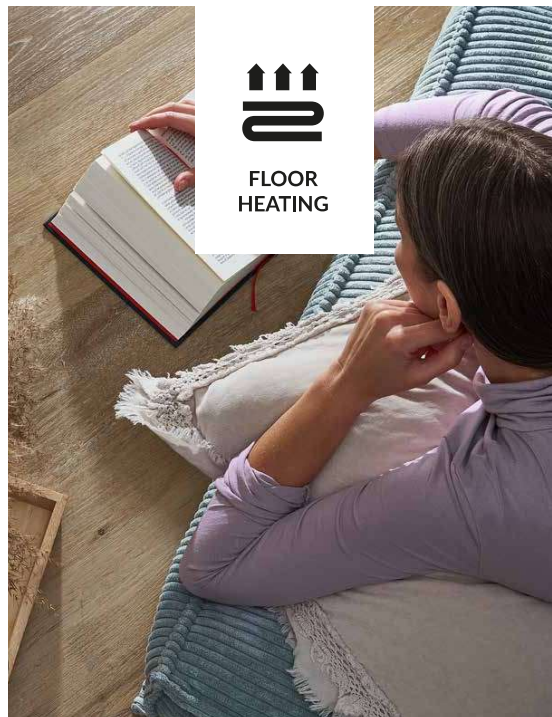

HOME CAFE... HD Mineral Core primarily means extremely strong locking system which gives the whole flooring system a maximum durability. Despite of small thickness of the plank our locks are 2 times stronger than average LVT locks available on the market.

HOME SPA... No need to be scared of water. Our floors are 100% waterproof. Frequent cleaning or spilled drinks are no longer dangerous to your floor. Without concerns you can connect your kitchen floor with the rest of your living space.

WITH NO BOUNDARIES ... HD Mineral Core also means high dimensional stability of the floor even in very sunny rooms. We offer at least 2 times higher dimensional stability of our floors in comparison to traditional LVT.

HOME OFFICE... Very low thermal resistance of our floors means more effective use of the underfloor heating system. Thanks to HD Mineral Core less fuel is needed for floor heating and over 60% less carbon is released into the atmosphere from one household in Europe, each year.

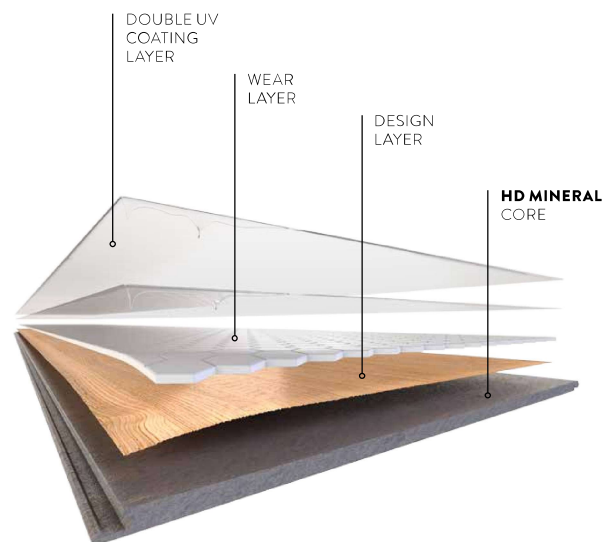

HD MINERAL CORE®

In our laboratories we've discovered an innovative combination of natural rock minerals and advanced polymers.

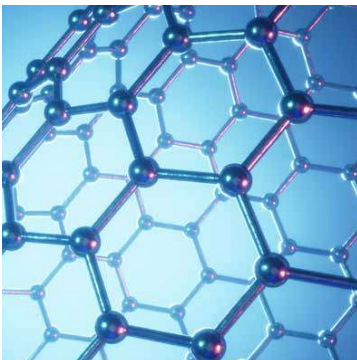

Carefully selected proportion ensures maximum performance of the floor.

Our HD MINERAL CORE® provides extreme durability which we confirm by giving 12 and 15 years guarantee.

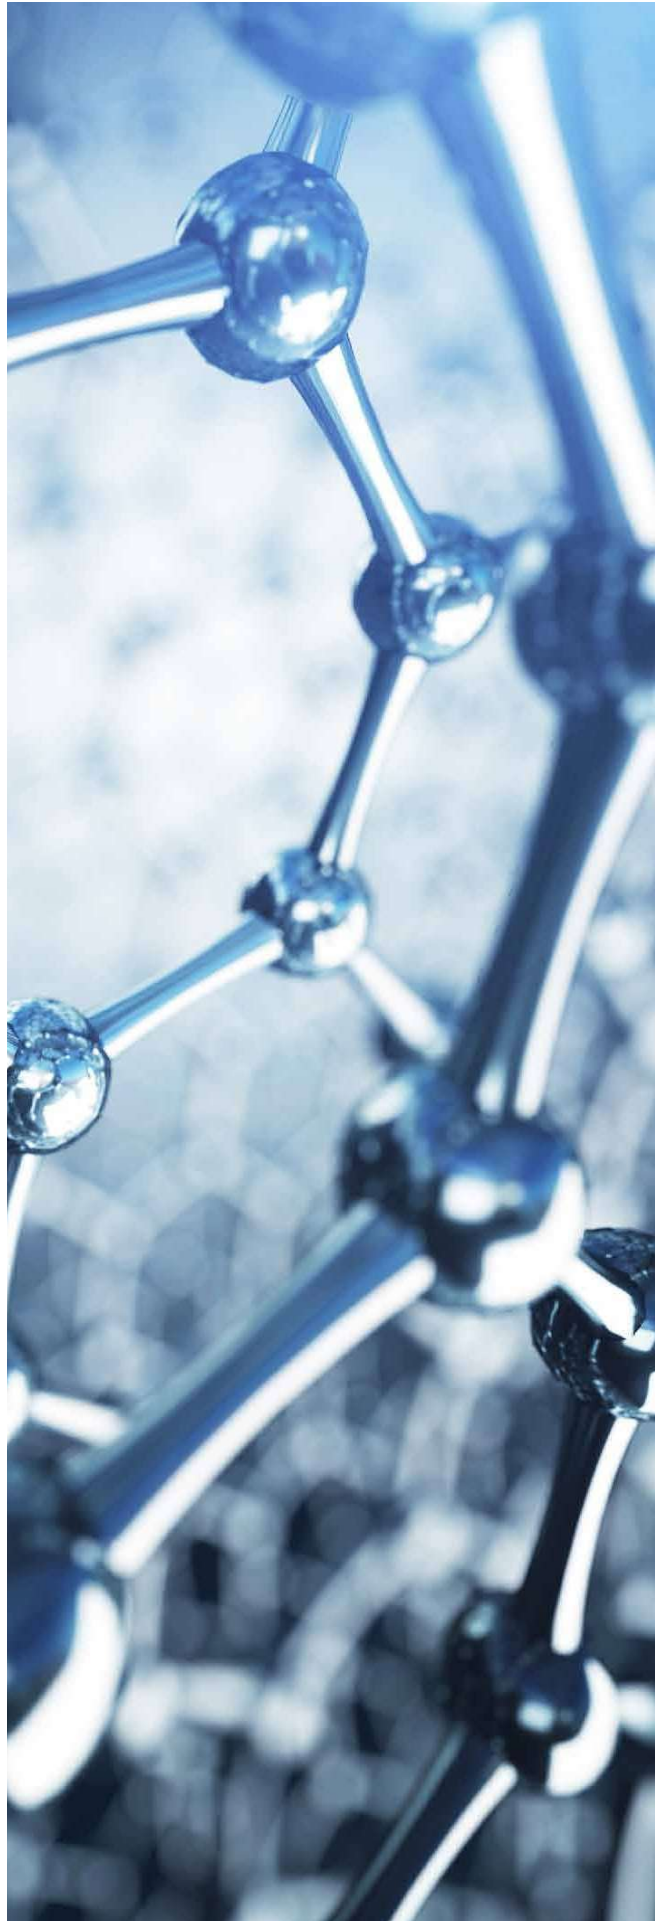

Hardness and durability of natural rock minerals

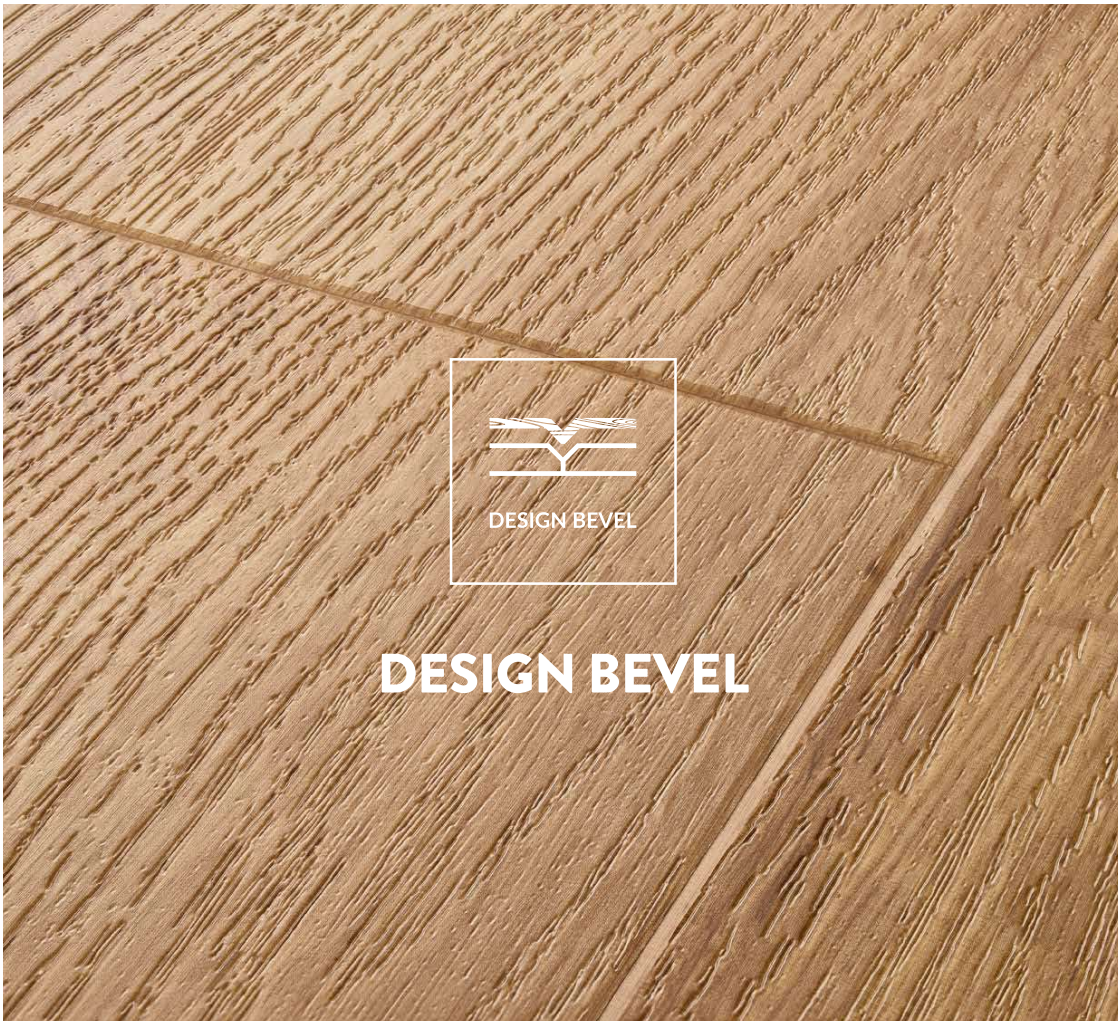

The flexibility of modern polymers based on carbon molecules

DESIGN BEVEL

NEW LOOK

A NEW DESIGN BEVEL inspired by true, classical wooden boards. The new bevel creates continuous design of planks. One plank flow smoothly into another giving the floor premium finishing. This perfect resemblance of wooden floor creates a warm, natural feeling. AFIRMAX designers reproduced the most welcomed and demanded bevel among all flooring. This bevel is available in Legnar Ultra and Legnar collection.

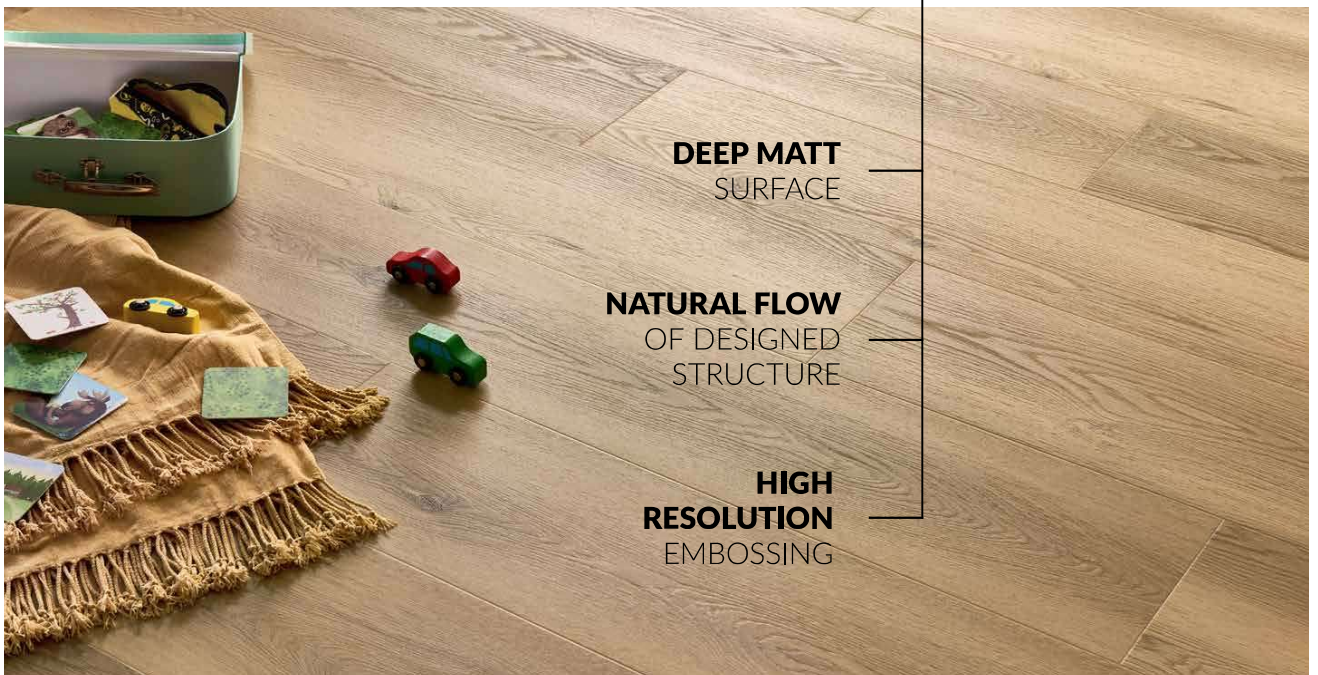

STRUCTURE OF NATURAL WOOD

NEW QUALITY OF EMBOSSING TECHNOLOGY

The EIR (embossed in register) technology we are using allows us to achieve higher resolution of embossing, meaning higher density of details enriching surface of planks. LEGNAR ULTRA has more significant knots, grains, clear figure and small indentation that create a real wooden characteristic of the plank. Matte finishing of planks underlines all technological features giving a beautiful impression of a natural floor.

VIGO 60

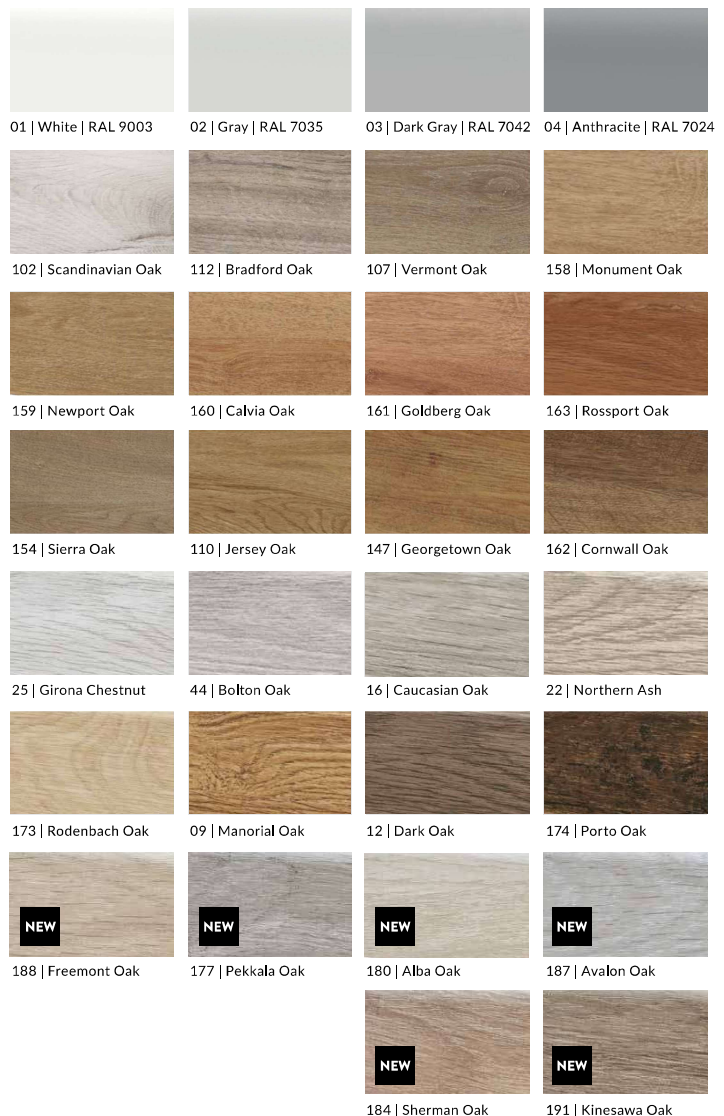

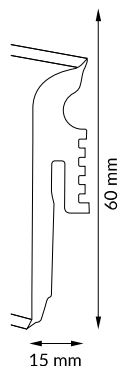

ARBITON ACCESSORIES SKIRTING BOARDS

VIGO 60 and VIGO 80 IT IS TIME TO END WITH DIFFICULT CHOICES Thanks to our solutions we've created a skirting in hybrid technology. Now, you have high quality surface of lacquered MDF skirtings and the flexibility and waterproofness of PVC skirtings.

Packaging:

1 pcs:
220 cm

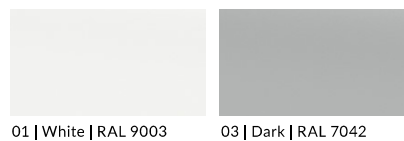

1 box:
10 pcs - 22 m

WHAT ELSE?

Easy assembly and dirt resistance. Thanks to the additional flexible and integrated seals, we have a solid waterproof barrier on two sides - from the wall and from the floor.

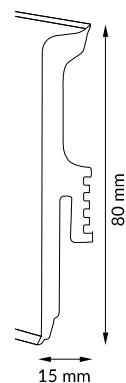

01 | White | RAL 9003

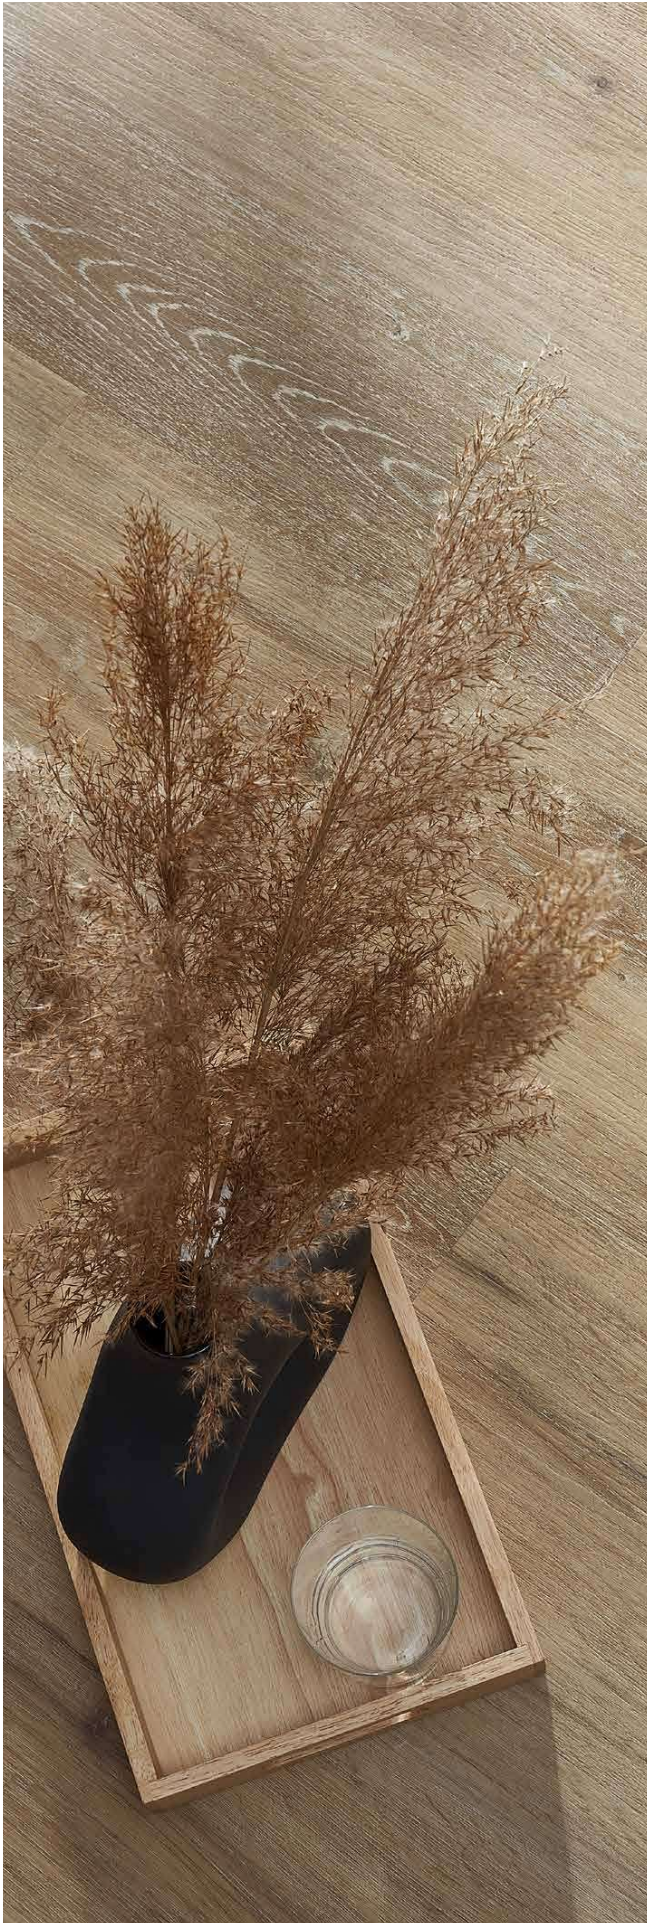

03 | Dark | RAL 7042

Packaging:

1 pcs:
